

Not just froth

Deakin University Froth Fermenters (DUFF) enjoy the brew at the annual Traffic Light Party. Formed in 1992, DUFF is one of the biggest clubs on Deakin campus for all the right reasons, as these pictures suggest. DUFF caters for a wide variety of students providing not just beer, but mixed drinks, redbull, softdrink, food and water. Coming up is the 2007 Glow Stick Party. Pics courtesy Deakin University Student Association and DUFF
