think you know Melbourne ... ?

Prove it!

University vs University Faculty vs Faculty

University (including TAFE/College) teams of between 2 and 6 people will use a map, clue sheet and mobile phone to unlock the mysteries of Melbourne. Can your team triumph over our Mensa team of question setters?! And if that doesn't cut the mustard, the Barry Jones Brain Buster will challenge even the most prolific of intellectual giants.

There's a swag of ace gear to be won, including a Myer entertainment system package worth \$5,000. At an entry cost of little more than the cost of a pint of imported ale, you can Romp your socks off and sleep soundly in the knowledge that all proceeds from the Romp go to Burnet Institute's medical research and public health programs in Australia and abroad.
