

Graduating Civil Engineers: your career begins here!

Congratulations to all Civil Engineering graduates! The hard work is done and its time to cash in. But where do you start?

You start at Hays Engineering. When organisations want quality Graduate Engineers, they call us. Clients call Hays Engineering because we know their businesses backwards and we know what kind of person will fit best with them. By speaking to you and finding out what makes you tick, we can match you with the contractor, consultancy or government authority that best fits you and provide you with that perfect start to your career.

We help you get it right first time...

We recruit across the industry with vacancies ranging from Site Engineers to Drafters, Designers and Entry Level Estimators. We are also holding a Graduate Employment Day to consult and provide you with constructive tips to get your foot in the door.

To register, please email a copy of your CV, a brief paragraph about yourself and what kind of work you see yourself doing next year to one of the below Consultants.
