

AUSTRALIA'S ORIGINAL OUTDOOR COMMUNITY LIFESTYLE MUSIC FESTIVAL

# Earthcore

GLOBAL CARNIVAL 23 - 25 NOVEMBER 2007

KULKURT - VICTORIA - AUSTRALIA

3 DAYS OF FUN/SUN/LOVE IN THE GREAT AUSTRALIAN OUTBACK...

*WE ARE BACK! The outdoor festival that started an entire subculture way back in the early 90's, commonly referred to as the "bush doof", commences with a new direction for 2007. With over 30 previous Earthcore Festivals, the subsequent evolution and punter feedback to draw from, this year sees a few changes in line. We're combining a return to our grass-roots with new concepts and expanding into varied musical genres and mind bending affiliations with a multitude of artists, performers & hangers on - all whilst keeping the community spirit and fun strong! Earthcore 2007 will be remembered as the one that delivered the goods and brought you back with blissed out memories of an experience at the cutting edge of entertainment... 3 days of camping and hanging with your mates, featuring an army of local, interstate and international performers providing mind blowing music, art, workshops and down to earth decadence - DESTROY YOUR CLUBWEAR!*
