Watching the stars

Australia's university sporting stars were recognised for their hard work and dedication, during the annual Australian University Sport (AUS) Awards function at The University of NSW, during the summer break. The awards distinguish the many outstanding performances and contributions recorded from Australian student athletes, participating in university sport throughout the world each year. Swinburne's Sean Wroe (pictured) won Male Athlete of the Year and Melbourne University's Alice McNamara won *Most Outstanding Sporting Achievement* for her rowing.
