## Are you a Civil Engineering Graduate?

Unrivalled career progression  
Rotation program in your first two years  
Excellent support and training

What are your plans after university? Remove the uncertainty and secure yourself a position with one of the big players in the civil construction industry! Past projects have included the re-development of the MCG. Current projects under construction include the new Rectangular Stadium at Melbourne's Olympic Park.

At number five in Australia with a completed project value over the last 12 months of \$500 million this top tier client is looking for only the best to join its developing team of Civil Engineers via its Graduate Program. Securing your place with this company will be invaluable to your career. As an industry leader in demolition, civil construction, recycling and landscaping, it will offer you a rotation schedule in your first two years that will reward you with experience in every possible industry area.

You will have a proven academic record showing a dedication and drive to achieve excellence. Any on-site experience will be beneficial and strong communication skills are a necessity. Development will be fast and you could see yourself as Project Manager within the first two years.

Act fast as places are limited. To register your interest contact us today!

## Graduate Contract Administrators

Construction & management or property degree?  
Climb the ladder fast to reach management roles  
Large range of exciting projects

We are seeking entry level/graduate Contract Administrators for a highly successful second tier construction firm. This international company has been established for over 10 years and has developed a reputation for high quality negotiated commercial construction projects up to the value of \$100 million and growing at a consistent rate year-on-year. The culture is energetic, with a strong career focus.

You will be required to have good communication and presentational skills. These roles are best suited to individuals looking to progress their career towards a project management role in the long term.

This truly is a fantastic opportunity to work for one of Melbourne's premier construction companies and you will be rewarded accordingly with a salary package if up to \$50k.
