## Make a difference

Eric Woodward decided to join the growing number of students choosing to take a break from study and embark on a gap year, choosing a placement in Vanuatu with Latitude Global Volunteering. Eric taught years five and six students across their entire curriculum, including English, art, science and music.

"I started a school musical, teaching the kids the songs, and helping them organise the production. We held the musical just before I left. It was such a great experience, they were so proud of what they had achieved" Woodward said.
